Either one of those is fine. Are you still planning to send agenda, topics, etc. today?

Steve Perry is out Thursday and Friday. How about moving it to 9am or 10am CDT Wednesday morning? Does that work?

Randy,

Tomorrow's schedule is especially busy. How about Thursday morning before 11:00 AM or Friday afternoon?

Jeff

Subject: CTDMPPlus Call

Hi Jeff,

Turns out Wednesday at 11am CDT doesn't work well for our USG call. What's your schedule look like for tomorrow?

Randy
